MEMORANDUM FOR: Director of Training

SUBJECT: Change of Schedule for IOC

REFERENCE: Your memo of 6 March 1959

492 ✓  
1. As discussed with you in the course of our regular meeting on 24 March 1959 there would be no objection to the proposed change in the scheduling of the IOC if the offering scheduled for May could be presented to permit the fulfillment of training plans for certain Clandestine Services personnel which are built around this course, and also if the course could be restricted to Agency personnel so as to allow Clandestine Services participation in each offering. Exceptions to this restriction would be made only after consultation with the Clandestine Services.

2. If these suggestions were found acceptable, we would concur without further reservations.

MEMORANDUM FOR: Director of Training

SUBJECT : Change of Schedule for the Intelligence Orientation

25X1A

1. Following a proposal which was originated by [ ] the Intelligence School and the School of International Communism request DTR approval for trying out a schedule of every-other-month presentations of the Intelligence Orientation. This will call for only one schedule change between now and 1 July: elimination of the course scheduled 11 May - 5 June. DTR approval for this specific change is requested.

2. The reasons which have led to this recommendation are as follows:

(a) Enrollments generally have declined. The enrollment in the current March course is about half that of the corresponding period last year. Other enrollments are hard to compare because of the altered circumstances brought about by the JOT program, but they are tending to become smaller.

(b) A small and decreasing number of EOD's. The EOD rate, while estimated by the Office of Personnel to go up slightly during Fiscal Year 1960, will for several reasons produce fewer eligibles for the Intelligence Orientation. About a hundred, in addition to JOT's, will need orientation training.

(c) The backlog of on-board Agency professional personnel who have not had the Intelligence Orientation program has been reduced significantly. [ ] figures indicate that a number on the order of a thousand on-duty professional personnel have not yet taken the IO. This remaining number can probably be accommodated in less frequent runnings. 25X1A

3. This schedule for next autumn would include a presentation in September, to be completed in time for the JOT program to start in the Auditorium 12 October.

SUBJECT: Change of Schedule for the Intelligence Orientation

4. The Schools will report separately on the adaptations in staff and work-load which will be made if this recommendation is approved. We will also observe other factors, such as difficulties in scheduling training sequences, and total enrollment figures, which may indicate the feasibility of extending the 6 per year schedule.

25X1A

1. Pursuant to a meeting on 12 May 1958 in the office of the Director of Training, it was stipulated that the pre-testing program be implemented on a wide scale in order to obtain the determinative factors from Assessment and Evaluation as to the operational potential of an individual; such factors to indicate or prescribe the specific training to be accomplished.
